

FOR IMMEDIATE RELEASE

T2 Biosystems Invited to Speak at Upcoming Medical Conferences

Lexington, MA, January 30, 2012 – T2 Biosystems, a company developing direct detection products enabling superior diagnostics, today announced that John McDonough, its CEO, has been invited to speak at two upcoming medical conferences. Mr. McDonough will offer his thoughts on the development and applications of molecular diagnostics at The Medical Development Group (www.meddevgroup.org) Forum and the Molecular Med Tri-Con 2012 (<http://www.triconference.com>).

Presentation Details:

The Medical Development Group February 2012 Forum, Waltham, MA

When: Wednesday, February 1, 2012, at 5:30pm ET

Topic: Risk Assessment – What Does it Take to Invest in Medical Products

The Molecular Med Tri-Con 2012, San Francisco, CA

When: February 19, 2012 at 11:00am PT

Topic: Commentary and Industry Perspective on Molecular Diagnostics

When: February 20, 2012, at 11:00am PT

Topic: Point-of-Care CEO – How Molecular Diagnostics Fit with their Instruments

About T2 Biosystems

T2 Biosystems is disrupting the landscape of clinical diagnostics with T2MR, the Company's proprietary magnetic biosensor detector. The T2MR technology enables healthcare professionals to save lives and reduce costs by providing sensitive, accurate, and rapid assay results. The Company's products detect molecular, hemostasis, and immunoassay targets directly from unpurified clinical samples in hospitals, labs and physicians' offices. For more information, please visit www.t2biosystems.com.
